Title VI/Nondiscrimination Policy Statement and Program Description

Title VI/Nondiscrimination Policy Statement

Tioga County assures that no person shall, on the grounds of race, creed, color, gender, national origin, religion, disability, sexual orientation, marital status, Vietnam era veteran status, as provided by Title VI of the Civil Rights Act of 1964, and the Civil Rights Restoration Act of 1987 (P.L. 100.259), be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity. Tioga County further assures every effort will be made to ensure nondiscrimination in all of its programs and activities, whether those programs and activities are federally funded or not.

In the event that Tioga County distributes federal aid funds to another governmental entity, Tioga County will include Title VI language in all written agreements and will monitor for compliance. Tioga County's Law Department is responsible for initiating and monitoring Title VI activities, preparing required reports, and other Tioga County responsibilities as required by 23 CFR 200 and 49 CFR 21.

Program Description

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

Subrecipients of public transportation funding from the Federal Transit Administration (FTA), are required to develop policies, programs, and practices that ensure that federal and state transit dollars are used in a manner that is nondiscriminatory. Tioga County is a subrecipient of FTA financial assistance through a grant from NYSDOT. This Title VI plan details how Tioga County incorporates nondiscrimination policies and practices in providing transit services to the ridership we serve

Limited English Proficiency Strategies

Limited English Proficiency Strategies

Strategies to provide meaningful access to LEP persons to ensure that they can communicate effectively will be achieved by measures including but not limited to:

- Applying the "four factor analysis" process provided as a guideline from the U.S. Department of Justice to determine LEP needs. This process includes determining the number and proportion of LEP individuals within the population, the frequency with which LEP individuals will come in contact with the program, the nature and importance of the program to people's lives, and the resources available to provide translation services. The results of this analysis will be used to outreach and engage LEP persons in the transportation planning process.
- Developing a demographic assessment for the impacted area to determine if there is a 5% or more minority population requiring special language assistance and address those needs.
- Developing a written policy to ensure the implementation of LEP measures that identify and assess the language needs of its LEP population. Provide for a range of language assistance options, including notices to LEP persons in a language they can understand regarding their right to free language assistance.
- Training to ensure that staff are knowledgeable and aware of LEP policies and procedures and are trained to work effectively in the facilitation of the process.
- Providing translation services for public documents and competent interpreters at public hearings.
- Increasing opportunities for public involvement, particularly by historically underserved populations including LEP individuals by advertising in local and local minority newspapers.
- Monitoring the program to ensure that LEP persons have meaningful access to the transportation planning and implementation process.

Title VI Coordinator's Responsibilities

Title VI Coordinator's Responsibilities

As authorized by the Tioga County Legislature, the Title VI Coordinator and Title VI Program Specialists are responsible for initiating, monitoring, and ensuring Tioga County's compliance with Title VI requirements as follows:

1. Process, review and investigate Title VI complaints received by Tioga County in accordance with Tioga County's Complaint Procedures. If any individual believes they or any other program beneficiaries have been subject to unequal treatment or discrimination as to the receipts of benefits and/or services, or on the grounds of race, color, national origin, or gender, they may file a complaint with Tioga County. It is the goal of Tioga County to resolve complaints informally at the lowest managerial level.
2. Collect statistical data (race, color, income, gender, and national origin) of participants in and beneficiaries of Tioga County's highway programs (i.e., relocatee's, impacted citizens, and affected communities). Each of the Title VI special emphasis program areas will maintain data to be incorporated in the Title VI updates. Procedures will be reviewed regularly to ensure the data is sufficient in meeting the Title VI program administration requirements.
3. Review special emphasis program areas to determine the effectiveness of program area activities at all levels. In addition to the day-to-day monitoring, all special emphasis program areas will be reviewed annually to assure effectiveness in their compliance of Title VI provisions. The Title VI Coordinator and Title VI Program Specialists will coordinate efforts to ensure equal participation in their program areas and activities at all levels.
4. Conduct Title VI reviews, when necessary, of contractors and other recipients of federal aid highway funds.
5. Work with special emphasis program staff to ensure the fundamental principles of Environmental Justice outlined below:
 - Avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.

-Ensure the full and fair participation by all potentially affected communities in the transportation decision-making process.

-Prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.

6. Develop Title VI and Limited English Proficiency information for Public Dissemination. Ensure dissemination to the general public and, where appropriate, in languages other than English. The County will disseminate Title VI Program information to County employees, contractors, subcontractors, consultants, and subconsultants as well as the general public. Public dissemination will include posting of public statements and inclusion of Title VI language in contracts. The Title VI/Nondiscrimination Policy Statement will be published in newspapers having a general circulation in the vicinity of proposed projects and announcements of hearings and meetings in minority publications.
7. Prepare an Annual Title VI Update Report. The update will report on any accomplishments and changes to the program occurring during the preceding year. The update will include goals and objectives for the upcoming year.
8. Schedule training for Title VI related statutes for Tioga County employees. The training will provide comprehensive information on Title VI provisions, its application to program operations, identification of Title VI issues and resolution of complaints. All directives providing operational guidelines to all subrecipients, and special emphasis program areas will be reviewed annually to include Title VI language and provisions and related requirements, where applicable.
9. Identify and eliminate discrimination when found to exist. Work with all Tioga County Offices and Departments to establish procedures for promptly resolving deficiencies. Procedures will be implemented to identify and eliminate discrimination when found to exist, including, but not limited to, utilization of disadvantaged business enterprises, public involvement and property acquisition.
10. Establish procedures for promptly resolving deficiency status and reducing to writing the remedial action agreed to be necessary within a period of 90 days. Tioga County will actively pursue the prevention of Title VI deficiencies and violations and will take the necessary steps to ensure compliance with all programs administrative requirements. When irregularities occur in the administration of the program's operation,

procedures will be implemented to resolve Title VI issues and reduce to writing remedial action agreed necessary within a period of 90 days.

Subrecipients placed in a deficiency status will be given a reasonable time, not to exceed 90 days after receipt of the deficiency letter, to voluntarily correct deficiencies.

Tioga County will seek the cooperation of the subrecipient in correcting deficiencies found during the Title VI compliance reviews. Tioga County will also provide the technical assistance and guidance needed to aid the subrecipient to comply voluntarily.

When a subrecipient fails or refuses to voluntarily comply with requirements within the allotted time frame, Tioga County will submit a copy of the case file to NYSDOT's Office of Civil Rights or the FHWA and a recommendation that the subrecipient be found in noncompliance.

A follow-up review will be conducted within 180 days of the initial review to ensure that the subrecipient has complied with the Title VI Program requirements in correcting deficiencies previously identified.

11. Maintain updated legislative and procedural information regarding Tioga County's Title VI Program. This will include federal laws, rules and regulations, NYSDOT guidelines, Tioga County's Plan and updates, and other resource information pertaining to Title VI issues.

Title VI Responsibilities

- Monitor compliance with Title VI requirements in all aspects of the environmental process, including Environmental Justice and Limited English Proficiency requirements.
- Conduct meetings to review project impact.
- Disseminate to the public their right to call or write to the department to view plans and discuss environmental problems.
- Ensure DBE goal attainment.
- Coordinate the gathering of environmental information for the Annual Title VI Update Report including awards to DBE firms.
- Notify protected group residents of public meetings or hearings regarding a proposed project. Ensure time and location for public meetings or hearings is accessible.
- Maintain mechanisms to identify population affected by a project.
- Ensure participation of all segments of the impacted population in the location selection process.
- Ensure that all federally funded consultant contracts administered by this section have the appropriate Title VI Appendix(s) enclosed.

- Review guidelines and procedures to ensure Title VI compliance.
- Maintain and update necessary data and documentation, including demographic data mapping ethnicity by area as required for completion of the department's internal annual Title VI Annual Report.

Complaint Procedures, Complaint Form and Letters

Title VI Complaint Procedures

These procedures cover all complaints filed under Title VI of the Civil Rights Act of 1964 as amended, (including its Disadvantaged Business Enterprises (DBE)), Section 504 of the Rehabilitation Act of 1973, Civil Rights Restoration Act of 1987, and the Americans with Disabilities Act of 1990, relating to any transportation or Public Works program or activity administered by the City, as well as to subrecipients, consultants, and contractors. These procedures apply to complaints filed against a program or activity funded by either the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA) or the Federal Aviation Administration (FAA).

Intimidation or retaliation of any kind is prohibited per Title 49, Code of Federal Regulations, Part 21.11(e).

The procedures do not deny the right of the complainant to file formal complaints with other state or federal agencies or to seek private counsel for complaints alleging discrimination.

These procedures are part of an administrative process, which does not provide for remedies that include punitive damages or compensatory remuneration for the complainant. Every effort will be made to obtain early resolution of complaints at the lowest managerial/administrative level possible. The option of informal mediation meeting(s) between the affected parties and the investigator may be used for resolution, at any stage of the process. The investigator will make every effort to pursue a resolution of the complaint. Initial interviews with the complainant and the respondent will request information regarding specifically requested relief and settlement opportunities.

PROCEDURES

Any person who believes that they or any specific class of persons has been subjected to discrimination or retaliation prohibited by any of the Civil Rights authorities prohibited under Title VI based upon race, color, sex, age, national origin or disability may file a written complaint with Tioga County.

Time Limits for Filing

A formal complaint must be filed within 180 days after:

- The date of the alleged act of discrimination; or
- The date when the person became aware of the alleged discrimination; or
- There has been a continuation or the latest instance of the discriminatory conduct.

Form of Complaints

A formal complaint must meet the following requirements:

- Must be in writing and signed by the person or their representative and include the complainant's name, address and telephone number. A formal complaint of discrimination will also be acknowledged and processed if received by fax or e-mail.
- A formal complaint of discrimination received by telephone will be written down and provided to the complainant for confirmation or revision before processing.
- Must provide a detailed description of the issues including names, dates, and job titles of witnesses or those individuals perceived as parties in the complaint of incident.

Upon receipt of the complaint, Tioga County will determine its jurisdiction, acceptability, need for additional information and the investigative merit of the complaint. In cases where the complaint is against one of Tioga County's subrecipients of federal highway funds, Tioga County will assume jurisdiction and will investigate and adjudicate the case. Complaints against Tioga County will be referred to the New York State Department of Transportation's Office of Civil Rights for proper disposition. In special situations warranting intervention to ensure equity, the NYSDOT Office of Civil Rights may assume jurisdiction and either complete or obtain services to review or investigate matters.

Acceptance of a complaint will be determined by

- Whether the complaint is timely filed.
- Whether the allegations involve a covered basis such as race, color, national origin, gender, disability or retaliation.
- Whether the allegations involve a program or activity of a Federal-aid recipient, subrecipient, or contractor; or, in the case of ADA allegations, an entity open to the public.
- The complainant(s) acceptance of reasonable resolution based on the Department's administrative authority.

A complaint may be dismissed for the following reasons:

- The complainant requests the withdrawal of the complaint.
- The complainant fails to respond to repeated requests for additional information needed to process complaint.
- The complainant cannot be located after reasonable attempts.

Tioga County has sole authority for accepting complaints for investigation. Once Tioga County decides to proceed with the investigation, the complainant and the respondent will be notified in writing of the determination within ten (10) calendar days. The complaint will receive a case number and be logged into

Tioga County's records identifying its basis, alleged harm, the race, color, national origin and gender of the complainant(s).

In cases where Tioga County assumes investigation of the complaint, Tioga County will provide the respondent with the opportunity to respond to the allegations in writing. The respondent will have ten (10) calendar days from the date of Tioga County's written notification of acceptance of the complaint to furnish their response to the allegations.

Within 40 calendar days of the acceptance of the complaint, a Tioga County or NYSDOT investigator will prepare an investigative report for Tioga County's Title VI Coordinator and the Chair of the Tioga County Legislature. The report will include a narrative description of the incident, identification of persons interviewed, findings and recommendations for disposition. Tioga County's Title VI Coordinator and Legislative Chair will have 10 calendar days to review and provide comments to the investigator.

Once the investigator addresses any comments to the preliminary investigative report, the report and its findings will be forwarded to the Tioga County Law Department for review. The Law Department attorneys will review the report and associated documentation and will provide input within 10 calendar days.

Any comments or recommendations from the Tioga County Law Department will be reviewed by the Legislative Chair. There will be a period of 10 calendar days for the Chair to discuss the report and any recommendations with Tioga County's Title VI Coordinator, and to have the Title VI Coordinator address any modifications before the report's release to the corresponding United States Department of Transportation (USDOT) modality (FHWA, FTA, FAA).

Tioga County's final investigative report and a copy of the complaint will be forwarded to either NYSDOT, FHWA, FTA, or FAA, within 60 calendar days of the acceptance of the complaint.

Tioga County will notify the parties of its preliminary findings which are subject to the corresponding USDOT modality's concurrence.

The corresponding USDOT modality will issue the final decision to Tioga County based on the investigative report.

USDOT will analyze the facts of the case and will issue its conclusion to the complainant according to their procedures. Once the corresponding USDOT modality issues its final decision, Tioga County will notify all parties involved about such determination. USDOT's final determination is not subject to an appeal.

Title VI Data Collection and Analysis Policy

- **Appendix A – Title VI Definitions**
- **Appendix B – Title VI Data Resources**

TITLE VI DATA COLLECTION AND ANALYSIS POLICY

I. POLICY STATEMENT

In accordance with Federal Title VI/Nondiscrimination regulations, Tioga County is required to have a policy in place to collect and analyze statistical Title VI data on participants and beneficiaries of its programs. Specifically, Title VI data includes information on Environmental Justice (EJ), Limited English Proficiency (LEP) and the Americans with Disabilities Act (ADA).

Tioga County must collect and analyze Title VI data for the purpose of:

- Measuring and monitoring the County's delivery of programs consistent with Title VI;
- Aiding in community outreach as part of the transportation planning and project development process;
- Analyzing programmatic trends and impacts; and
- Identifying opportunities to avoid and mitigate unlawful discrimination in project planning, project design and project construction.

II. POLICY SCOPE AND GUIDANCE

Title VI of the Civil Rights Act of 1964 and subsequent statutes, regulations and executive orders require recipients of Federal financial assistance to ensure that no person shall be excluded from participation in, denied the benefits of, or be subject to unlawful discrimination in, the operation, implementation, access and use of the recipients' programs, activities and facilities based on race, color, national origin, sex, age, disability, or low income or limited-English proficiency.

The purpose of this Policy is to inform County staff, whose primary responsibilities include public outreach during the different phases of project development (i.e., planning, scoping, design, and construction), to be aware of how their projects comply with Title VI (nondiscrimination) regulations.

The type and extent of Title VI data collected and utilized may differ depending on the special emphasis program area. Nonetheless, Tioga County is mandated to, at a minimum, collect and analyze Title VI data to understand community demographics and facilitate the equitable distribution of the beneficial effects of transportation planning and project

development activities, and minimize the adverse impacts.

Potential sources of data and analysis tools include but are not limited to:

1. Census Data
2. School Districts
3. Transit Ridership Surveys
4. Management Systems (Pavement and Congestion)
5. Land Use Plans
6. Geographic Information Systems
7. Transportation Models
8. Metropolitan Planning Organization Committees (e.g., Citizen Advisory Committees)

The data collected should be refreshed as new and updated data becomes available from data sources and used to support the Department's policies, programs and activities. At a minimum, data should be updated yearly.

Additional tools such as demographic maps and charts may be necessary or appropriate to better understand and apply the considerations above to everyday program activities.

The data collected should be refreshed as new and updated data becomes available from data sources and used to support the Department's policies, programs and activities. At a minimum, data should be updated yearly.

The following table as well as Appendix A summarizes the types of Title VI data required (not all data types may be required) by special emphasis program areas for analytical purposes:

Statistical Data	Analysis

	Regional ethnic composition
	Age distribution by race

Mode Choice	Number of trips per capita
	Percent of households with no automobiles

	Access to jobs, places of religious worship, medical care, schools, emergency services, grocery stores, family
Employment	Present and future location of jobs
	Present and future location of housing
	Present and future location of low-income communities
Other	Public investment per capita (federal, state, and local)

Additional tools such as demographic maps and charts may be necessary or appropriate to better understand and apply the considerations above to everyday program activities.

VI. APPENDICES

Appendix A – Title VI Data Definitions

Appendix B – Title VI Data Resources

Appendix A - Title VI Data Definitions

For the purposes of this policy, Title VI data includes data and information captured on any of the eight protected groups associated with Title VI/Nondiscrimination. The protected groups include:

1. **Race:** A broad division of people based on characteristics such as skin color and physical features, style of dress that reflects both religious and ethnic heritage or traditions, foreign accent or foreign name and the fact that a person speaks a language other than English. The Federal government requires seven minimum categories: American Indian or Alaska Native, Asian, Black or African American, Hispanic or Latino, Middle Eastern or North African (MENA), Native Hawaiian or Pacific Islander, and White.
2. **Color:** Refers to a person's pigmentation, complexion, skin shade or tone. Thus, color discrimination occurs when a person is discriminated against based on pigmentation which can occur between people of different or the same ethnicity or race.
3. **National Origin:** Relates to person's birthplace, ancestry, culture, accent, language, or association with people of a specific national origin.
4. **Limited English Proficiency (LEP):** An individual who does not speak English as a primary language and has a limited ability to read, speak, write or understand English. The Census defines LEP as persons aged five and older who report speaking English less than "very well". In accordance with Federal and State mandates, the Department must work to ensure LEP populations have meaningful access to programs and services, which may include the translation of vital documents/materials and providing interpreter services, at no cost to the individual, when necessary.
5. **Religion:** A sincerely held system of principles, ceremonies, or practices. This definition includes both theistic and non-theistic beliefs, as well as the right to not hold a religious belief (atheism or agnosticism).
6. **Sex:** Refers to a person's biological sex determined at conception.
7. **Age:** Defined by the Census Bureau as the length of time in completed years that a person has lived.
8. **Disability:** A condition that involves physical or mental impairment which substantially limits one or more of a person's major life activities.

Appendix B – Title VI Data Resources

There are a variety of resources that can be utilized to gather Title VI-related data. When gathering data, it is best to leverage many resources and to always work with the relevant stakeholder groups to gather and validate the information to the degree possible.

US Census Data: Serves as the largest and most comprehensive set of data resources, to include demographic and community data. The census is conducted every ten years. <http://www.census.gov/>

American Community Survey (ACS): The ACS is a continuous survey (samples taken every year) unlike the census data which is collected once every ten years. ACS data has a much smaller sample size than census data, creating larger margins of error. However, the ACS contains additional and more current information. <https://www.census.gov/programs-surveys/acs.html>

New York State Data Center: Managed by the Department of Labor, this site offers New York-specific slices of census data. <https://dol.ny.gov/new-york-state-data-center>

School District Data: The NYS Department of Education has Limited English Proficiency data available for each school district and charter school by county. The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its federally assisted programs.

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations.

4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.

5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.

6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.

7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:

- a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and

8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:

- a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
- b. the period during which the Recipient retains ownership or possession of the property.

9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, Tioga County also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing access to records,

Tioga County Nondiscrimination Policy Statement

It is the policy of Tioga County to prevent and eliminate discrimination in all of its operations and services as well as all aspects of employment. All Department, Divisions, Offices, and Bureaus will plan, develop and implement their programs and activities so that no person is subjected to unlawful discrimination based on race, creed, color, gender, age, national origin, religion, disability, sexual orientation, marital status, or Vietnam era veteran status.

This policy fully incorporates throughout all of Tioga County's operations the requirements of applicable State and Federal laws and executive orders to prohibit any discriminatory practices, procedures and policies. All administrators, managers, supervisors and employees are directed to comply with these laws and orders.

Tioga County is committed to maintaining an agency which recognizes and values the inherent worth and dignity of every person; fosters tolerance, sensitivity, understanding, and mutual respect among its members; and encourages each individual to strive to reach their own potential.

This policy will be placed on all Tioga County's bulletin boards and made available to all organizations and entities doing business with Tioga County. Any complaints involving allegations of discrimination should be sent to the County Attorney's Office and/or Personnel Officer at 56 Main Street, Owego, NY 13827.

Tioga County Public Participation Plan

Tioga County Public Participation Plan

Introduction:

The purpose of this Public Participation Plan (the Plan) is to describe Tioga County's Public Participation Program which comprises the various outreach activities that Tioga County engages in to ensure that all members of the public, including populations that have lacked access to the decision-making process, are given the opportunity to participate in the planning processes that shape Tioga County.

Strategies and Desired Outcomes:

To promote inclusive public participation, Tioga County will employ the following strategies, as appropriate:

- Provide for early, frequent, and continuous engagement by the public.
- Select accessible and varied meeting locations and times.
- Employ different meeting sizes and formats.
- Use social media in addition to other resources to gain public involvement.
- Use newspaper ads in publications that serve LEP populations.
- Contract with outside agency(s) for additional outreach methods to engage minority and LEP populations.

Public Outreach Activities:

The public outreach and involvement activities conducted by Tioga County since the last Title VI Program submission in 2023 are summarized below.

Tioga County staff have reviewed the American Community Survey Data 2020-2024 Selected Social Characteristics for Tioga County and determined that:

- a. 1,373 individuals in the Tioga County service area comprising 3% of the population speak a language other than English.
- b. Of those, 545 individuals have limited English proficiency; that is; they speak English less than "very well". This is only 1.2% of the overall population in the service area.

c. In the Tioga County service area, of those persons with limited English proficiency:

- 0.5 % speak Asian and Pacific Island languages.
- 0.2% speak other languages.
- 1.3% speak other Indo-European languages.
- 1.1% speak Spanish.

Tioga County reviewed the frequency with which their staff have, or potentially have, contact with LEP persons. This includes documenting phone inquiries or office visits and found Tioga County staff members have had little to no contact with LEP persons.

There is not a large geographic concentration of any type of LEP individuals in the service area for Tioga County. The overwhelming majority of the population, 97%, speaks only English. As a result, there are few social; service; or professional and leadership organizations within the Tioga County service area that focus on outreach to LEP individuals.

Tioga County has identified organizations willing to provide voluntary language and document translation and interpretation services if needed within a reasonable time frame. Other translation services are provided by telephone or video from LanguageLine for which Tioga County pays a fee for. Language Identification Tool posters are posted in areas open to the public with training offered on use of the poster to employees.

Services to use for Hearing-impaired was updated to include information for the NYS Call 711 Relay Service, Southern Tier Independence Center (STIC), and Registry of Interpreters of the Deaf (RID).

Getthere:

Tioga County does not have public transportation services but does have a contract for the administration of Getthere Mobility Management Project. Getthere does extensive marketing and outreach for this project and has a dedicated website, (<https://gettherescny.org/home>) to announce any changes or events. Getthere does outreach to many non-profits within the project area. Tioga County, Achieve, AVRE and the Office of the Aging actively participate in the Getthere quarterly advisory meetings to ensure outreach efforts are appropriate and accessible to all residents. Tioga County attends quarterly meetings of the Binghamton Metropolitan Transportation Study.

Getthere is the mobility management program of the Rural Health Network of South-Central New York, whose mission is to advance the health and well-being of rural people and communities. Getthere operates a transportation information

and assistance call center, open Monday-Friday, 7 AM to 5:30 PM, that helps those with transportation needs to find workable, affordable solutions. Serving five counties, Getthere provides transportation information and case management services, financial assistance for eligible individuals who need transportation to healthcare appointments, transportation to employment services, and training on how to use public transportation. Getthere works collaboratively with partners and stakeholders in Broome, Chenango, Delaware, Otsego, and Tioga counties.

Public Meetings:

The Tioga County Legislature meets three times per month, departmental committees meet once a month, and numerous boards and sub-boards meet once per month. All meetings and public hearings are noticed for public involvement.

All Tioga County legislative meetings are held at the Ronald E. Dougherty Public Office Building, an accessible facility. Legislative meetings are recorded and available to the public with written minutes of departmental committee meetings provided on the County's website. Special language services are provided in response to citizen requests. Tioga County posts all information, agendas, minutes, and public documents on its public website which is fully accessible by both computer and cellular technologies and is designed to be maximally acceptable by people with disabilities.

Minority Representation on Tioga County Boards:

Tioga County does not have transit-related, non-elected committees or advisory boards.

Tioga County understands diverse representation on committees and boards results in sound policy reflective of its entire service area. As such, the Tioga County encourages participation of all its community members and interested parties on boards and committees.

As vacancies on boards, committees, and councils become available, Tioga County will make efforts to encourage and promote diversity with active participation of community members, organizations and interested parties.

Tioga County contacts advocates of the minority community, such as organizations that serve minority communities and leaders to garner interest in participating onboards, committees or councils.

Environmental Justice Plan

ENVIRONMENTAL JUSTICE PLAN

Introduction: "Environmental justice" is the fair treatment and meaningful involvement of all people, regardless of race, creed, color, gender, national origin, religion, disability, sexual orientation, marital status, Vietnam era veteran status, or educational level with respect to the development, implementation and enforcement of environmental laws, regulations and policies. For the purpose of this Tioga County Plan, fair treatment means that no population is forced to bear a disproportionate burden of the negative human health and environmental impacts, including social and economic effects, resulting from transportation decisions, programs and policies made, implemented and enforced at the Federal, State, local or tribal level.

Guiding Principles: The Tioga County Environmental Justice Plan is guided by the following 3 principles:

- To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
- To ensure full and fair participation by all potentially affected communities in the transportation decision-making process.
- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.

To ensure compliance with these Guiding Principles, Tioga County will:

- Continuously monitor its programs, policies, and activities to ensure that disproportionately high and adverse effects on minority populations and low-income populations are avoided, minimized or mitigated in a manner consistent with these principles
- Actively administer and monitor its operations and decision-making to assure that nondiscrimination and the prevention of disproportionately high and adverse effects are an integral part of its programs, policies, and activities
- Train staff to identify and report incidences of observed service denial or reduction of any capacity in the day-to-day activities of all County departments
- Make efforts to ensure services are equally available to all populations regardless of race, age, socioeconomic status, and other factors, and indicate so on publications and our website as necessary

- Revisit the County's Equal Employment Opportunity Policy Statement from time to time and update as necessary
- Immediately investigate and rectify any complaints received (from all populations which include minorities and those of low-income) from the public as they relate to the denial or reduction in services received.

Identification of Minority, Low Income and Handicapped Populations:

Tioga County has compiled data to study the distribution of minority, low income, and handicapped populations in an effort to identify areas requiring additional outreach and which might be affected by planning and transportation determinations. This data can be found in the Tioga County 2020 Strategic Plan.

Facility Location Equity Analysis:

As a subrecipient of federal funds, Tioga County understands we are required to conduct a Title VI equity analysis when planning to acquire land to construct a new transportation facility or expand an existing facility to ensure the location is selected without regard to race, color, or national origin. A facility includes storage facilities, maintenance facilities, and operations centers, but it does not include bus shelters, transit stations, or power substations. The equity analysis requirement applies even to land acquired to construct a new facility that do not receive direct federal funding (as long as Tioga County receives federal financial assistance, Title VI requirements apply to all programs and activities). The equity analysis compares the equity impacts of various siting alternatives and must occur during the planning phase, prior to the selection of the preferred site, and must include the following:

1. A description of the outreach to persons potentially impacted.
2. A comparison of equity impacts of various siting alternatives.
3. An analysis about whether a disparate impact occurs on the basis of race, color or national origin (including potential cumulative adverse impacts from other facilities with similar impacts in the area) because of the location and construction of a facility. (If there is a disparate impact, the construction of the facility may only occur if there is a substantial legitimate justification, there are no alternative locations that would have a less disparate impact, and it is not a pretext for discrimination).

For any land acquired to construct a new facility Tioga County will work with NYSDOT to ensure that the equity analysis is completed and submitted to NYSDOT. The equity analysis will be provided upon request to NYSDOT, FTA and during the triennial review.

Tioga County has not acquired land to construct a transportation facility in the past three years nor does Tioga County plan to acquire land to construct a new transportation facility in the next three years.

Limited English Proficiency (LEP) Plan

LIMITED ENGLISH PROFICIENCY (LEP) PLAN

INTRODUCTION

This *Limited English Proficiency Plan* has been prepared to address Tioga County's responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited English proficiency. The Plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, et seq., and its implementing regulations, which states that no person shall be subjected to discrimination on the basis of race, color or national origin.

Executive Order 13166, titled *Improving Access to Services for Persons with Limited English Proficiency*, states that differing treatment based upon a person's inability to speak, read, write or understand English is a type of national origin discrimination which is covered under Title VI. It directs each agency (e.g., FHWA) to publish guidance for its respective recipients (e.g., NYSDOT) clarifying their obligation to ensure that such discrimination does not take place. This order applies to all state and local agencies that receive federal funds and extend it to its sub-recipients.

PLAN SUMMARY

Tioga County has developed this *Limited English Proficiency Plan* to help identify reasonable steps for providing language assistance to persons with limited English proficiency (LEP) who wish to access services provided. As defined by Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English. This plan outlines how to identify a person who may need language assistance; the ways in which assistance may be provided; staff training that may be required; and notification to LEP persons regarding the availability of assistance. For detailed guidance regarding LEP, see NYSDOT's LEP Plan at: [https://www.dot.ny.gov/divisions/policy-and-strategy/public-trans-repository/Attachment%20D-1%20LEP Plan.pdf](https://www.dot.ny.gov/divisions/policy-and-strategy/public-trans-repository/Attachment%20D-1%20LEP%20Plan.pdf).

In order to prepare this plan, Tioga County used the Federal Highway Administration (FHWA) Four-Factor LEP analysis:

1. The number or proportion of LEP persons in the service area who may be served by Tioga County.
2. The frequency with which LEP persons come in contact with Tioga County services.
3. The nature and importance of services provided by Tioga County to the LEP population.
4. The interpretation services available to Tioga County and overall cost to provide LEP assistance. A summary of the results of the four-factor analysis is found in the following section.

MEANINGFUL ACCESS: FOUR-FACTOR ANALYSIS

1. The number or proportion of LEP persons in the service area who may be served or are likely to require Tioga County services.

The Tioga County staff reviewed the American Community Survey Data 2020-2024 for New York State and determined that:

- a. 1,373 individuals in the Tioga County service area comprising 3% of the population speak a language other than English;
- b. Of those, 545 individuals have limited English proficiency; that is; they speak English less than "very well" or "not at all." This is only 1.2% of the overall population in the service area;
- c. In the Tioga County service area, of those persons with limited English proficiency:
 - 0.2 % speak Asian and Pacific Island languages
 - 0.1 % speak other languages
 - 1.9% speak other Indo-European languages
 - 1 % speak Spanish

2. The frequency with which LEP persons come into contact with Tioga County services.

Tioga County reviewed the frequency with which their staff have, or potentially have, contact with LEP persons. This includes documenting phone inquiries or office visits and has determined Tioga County staff members have had little contact with LEP persons.

3. The nature and importance of services provided by Tioga County to the LEP population.

There is no large geographic concentration of any type of LEP individuals in the service area for Tioga County. The overwhelming majority of the population, 97%, speaks only English. As a result, there are few social, service or professional and leadership organizations within the Tioga County service area that focus on outreach to LEP individuals. Tioga County staff are most likely to encounter LEP individuals through office visits; phone conversations; notifications from department staff regarding the results of service delivery; and attendance and participation at public meetings.

4. The resources available to Tioga County and overall cost to provide LEP assistance.

Tioga County reviewed its available resources that could be used to provide LEP assistance and inventoried its documents to determine which are suitable for translation if the need arises.

Tioga County contacted local citizens and organizations willing to provide voluntary language translation and interpretation services if needed within a reasonable time period. Other language translation options could be provided by bilingual staff or by telephone from a professional interpretation service for which Tioga County would pay a fee.

LANGUAGE ASSISTANCE

A person who does not speak English as their primary language, and who has a limited ability to read, write, speak or understand English, may be a Limited English Proficient person and may be eligible for language assistance with respect to Tioga County services. Language assistance can include interpretation (oral or spoken transfer of a message from one language into another language) and translation (the written transfer of a message from one language into another language).

How Tioga County staff can identify a LEP person in need of language assistance:

- Post notices of the LEP Plan and the availability of interpretation or translation services free of charge in languages LEP persons would understand;
- Providing Tioga County staff with language identification cards to assist in identifying the language interpretation services needed if the occasion arises;
- Periodically surveying Tioga County staff regarding their interaction with LEP persons during the previous period (e.g., quarterly, semi-annually, and annually);
- Greeting participants at Tioga County sponsored informational meetings or events. Conversational interaction with participants can help determine LEP needs for future events.

LANGUAGE ASSISTANCE MEASURES

Although there is a very low percentage of LEP individuals in the Tioga County service area, (i.e., persons who speak English less than "very well" or "not at all"), Tioga County will take the following actions:

1. Tioga County staff will take reasonable steps to provide the opportunity for meaningful access to LEP clients who have difficulty communicating English.

2. The following resources will be available to accommodate LEP persons:

- Volunteer Spanish language interpreters will be provided within a reasonable time period.
- Language interpretation services for all other languages will be accessed through a professional telephone interpretation service.

AMERICANS WITH DISABILITIES (ADA) TRANSITION PLAN

This ADA Transition Plan reflects Tioga County's long-term commitment to ADA compliance, and details the stages of Tioga County's plan and timeline for: (1) evaluating accessibility by identifying any structural barriers associated with public facilities; (2) identifying accommodations and/or modifications that can be provided to make programs and services accessible; and (3) prioritizing the remediation of any deficiencies and formulating a budget and schedule for those improvements.

INTRODUCTION

ADA regulations prohibit discrimination against individuals on the basis of disability and require state and local governments to make their programs and services accessible to persons with disabilities. These requirements focus on providing accessibility by addressing and eliminating structural barriers associated with public facilities.

As detailed below, Tioga County has made a significant and long-term commitment to improving the accessibility of its public facilities. The purpose of this Plan is to ensure that Tioga County identifies prohibited structural barriers to its public facilities, and, where structurally feasible, schedules and implements ADA-required improvements in order to remove those barriers.

The ADA requires that the Transition Plan include the following components:

1. Identification of physical barriers in a public entity's facilities that limit the accessibility of its programs, activities, or services to individuals with disabilities;
2. Identification of the methods to be used to remove any barriers limiting accessibility;
3. A schedule for completion of the necessary steps to achieve accessibility in public facilities; and
4. The name of the public entity's ADA Coordinator.

STEP 1: IDENTIFICATION OF PHYSICAL BARRIERS IN TIOGA COUNTY FACILITIES

The first phase of the ADA Transition Plan is to evaluate Tioga County's public facilities for accessibility. The ADA Coordinator(s) along with Public Works will coordinate to conduct accessibility evaluations of the following:

- Sidewalks, crosswalks, and curb ramps
- Publicly accessible buildings

- Parking lots serving publicly accessible buildings

For each facility evaluated, a Survey of Tioga County's Public Facilities ("the Survey") will be completed. Any deficiencies, suggested improvements, and observations relating to structural feasibility of improvements will be noted and recorded on the Survey.

Schedule for Completion

The ADA Coordinator(s) and Public Works will coordinate each spring to evaluate public buildings, parking lots, sidewalks, crosswalks, and curb ramps. The evaluations will be scheduled to evaluate outdoor facilities prior to the winter months to avoid snow cover that may impede a thorough review and will be completed by May 31 of each year.

STEP 2: IDENTIFICATION OF METHODS TO REMOVE BARRIERS

The second phase of Tioga County's ADA Transition Plan is a method to remove barriers. This includes identification of the nature of needed improvements and a determination regarding structural feasibility of improvements under the ADA standards, and prioritization of necessary improvements.

Once the necessary improvements have been identified and prioritized, this information, along with a list of any improvements determined to be physically unfeasible, will be presented to the Tioga County Legislature at the public meeting of the Tioga County's Finance, Legal and Safety Committee. It is Tioga County's practice to provide public notice of the dates and agendas of Committee meetings on the Tioga County 's website. This will provide the public with an opportunity to participate in the formulation of the ADA Transition Plan.

A. Nature of Improvements and Structural Feasibility

The nature of necessary improvements will be determined during Step 1 – the accessibility evaluation of Tioga County facilities – and will be incorporated into the ADA Transition Plan after completion of Step 1. Any improvements that the ADA Coordinator determines are not structurally feasible, based on ADA regulations will also be incorporated into the Plan.

B. Priority of Improvements

Sidewalks; Crosswalks; Curb Ramps

With respect to sidewalks, crosswalks and curb ramps, the primary focus of this ADA Transition Plan is to address all ADA noncompliant facilities.

The priority of improvements to these facilities will be as follows:

1. Those serving publicly accessible Tioga County facilities;
2. Those serving commercial and employment centers; and
3. Those serving other areas.

Parking Lots and Publicly Accessible Buildings

The priority of improvements to parking lots and publicly accessible spaces in Tioga County buildings will be based on the severity of the accessibility barrier and the frequency of public presence at the facility. All new construction or renovations to existing facilities have complied with ADA standards. As such, Tioga County does not expect that its publicly accessible buildings and parking lots will require major structural improvements.

STEP 3: SCHEDULE FOR COMPLETION OF NECESSARY IMPROVEMENTS

Once the Survey of Public Facilities has been completed, and necessary improvements have been prioritized as provided above, Tioga County will formulate an estimated budget for the improvements. The schedule for improvements will depend heavily upon the number and severity of the deficiencies identified during the accessibility evaluation, and the costs associated with the improvements.

Employee Training Plan

Employee Training Plan

Title VI of the Civil Rights Act of 1964

Introduction

Title VI of the 1964 Civil Rights Act provides that "No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance (Sec. 601)."

The Civil Rights Restoration Act of 1987 amended Title VI to specify that entire institutions receiving Federal funds, whether schools, colleges, government entities, or private employers must comply with Federal civil rights laws, rather than just the particular programs or activities that receive federal funds.

This Title VI Employee Training Plan has been prepared to address Tioga County's responsibility to provide Title VI training to all of its current employees.

Title VI and ADA Nondiscrimination Statement

Tioga County adheres to Title VI of the Civil Rights Act of 1964 Compliance Plan. Tioga County carries out its transportation planning processes without regard to race, color, or national origin. For more information or to file a complaint or concern, please contact the Tioga County Title VI Civil Rights Coordinators, at (607)687-8207 or (607)687-8264.

Tioga County also follows the New York State Department of Transportation's Americans with Disabilities Act Grievance Procedure. Tioga County hosts its public meetings and open houses in facilities allowing access for those who may be mobility impaired, sight impaired, hearing impaired or mentally impaired. Tioga County will accommodate anyone who may need special requests with adequate notification, preferably 48 hours before a scheduled meeting or open house. Tioga County posts all information, agendas, minutes and public documents on its public website which is fully accessible by both computer and cellular technologies and is designed to be maximally acceptable by handicapped individuals.

Tioga County is committed to a policy of non-discrimination in conducting its business, including its Title VI responsibilities. Tioga

County recognizes its responsibilities to the citizens for whom it carries out its transportation planning processes and to the society it serves.

Education and Training

The Title VI Coordinators and the Tioga County Legislative Chair shall be responsible for advising Tioga County staff about available training in support of Title VI. It is the responsibility of the Title VI Coordinators to schedule training in such a way that appropriate notices and announcements are made to Tioga County staff. All employees are encouraged to participate in professional development training within and outside of Tioga County.

Internally, Tioga County offers Title VI training facilitated by the Title VI Coordinator in accordance with Title VI and ADA requirements. This training is available through electronic means on the County's intranet to allow any staff to watch and review Title VI and ADA requirements. This training is reviewed and updated as necessary by the Title VI Coordinators. It is also a requirement for current Tioga County staff to participate and refresh themselves in the Title VI training annually. The Title VI training can be put on as a live program by the Title VI Coordinators, or the Title VI training can be accomplished by watching a Title VI training video and slideshow. It is a requirement for new employees to participate in the Title VI training or watch the training materials within 60 days of hire with Tioga County.

In an effort to continuously improve Tioga County's overall Title VI compliance requirement, nondiscrimination training will be coordinated with the New York State Department of Transportation (NYSDOT), Federal Highway Administration (FHWA), and Federal Transit Administration (FTA). The training will be made available to Tioga County staff on an ongoing basis to ensure up to date knowledge of Title VI and other non-discrimination statutes.
