Tioga County Industrial Development Agency March 5, 2025 – 4:30 pm Ronald E Dougherty County Office Building 56 Main Street, Owego, NY 13827 Legislative Conference Room, 1st Floor Regular Meeting Minutes

Call to Order and Introductions: 4:33 PM

Attendance: IDA Board Members

- 1. Roll Call: J. Ward, B. Evanek, M. Sauerbrey, T. Monell
- 2. Excused: Kevin Gillette, Eric Knolles
- 3. Guests: C. Yelverton, Joe Meagher, B. Woodburn, Corey Green, Bob Farrell, Luke Grasmeyer, Matt Freeze

Privilege of the Floor:

- A. Luke Grasmeyer with Hunt Engineering- Luke Grasmeyer joined the meeting via Zoom and provided an update on the Lounsberry Site Engineering project. Luke provided the current conditions of the property and provided a summary outlining of what could be developed on the two sites individually, and the constraints due to the environment. Electrical research is currently in progress. Water and sewer mapping is also in progress. There is an opportunity to extend a water main from Crown down Berry Rd. to loop the water system and provide better flows and pressure to Smith Creek Property. Sewage capacity is good. 50% of the project is completed. The next step is completing the geotechnical report.
- B. Corey Green, Bob Farrell with OASD- Corey and Bob discussed the CYNOG Pilot impact on the OACSD budget. CYNOG school tax is \$3.2 million, and the school would prefer if the CYNOG could be added to the tax roll over the course of 30 years because they typically only increase the school budget by 2% each year. The other option would be that the CYNOG pilot be extended for another 5 years and addressed then, or they just put CYNOG back on the tax roll and they will have to agree to the loss. B. Farrell discussed the possibility that the school talks to legislators again regarding how pilots are put back on the tax roll and impact the levy. The concern has been addressed before, however the governor has not agreed to change the current law. J. Ward discussed the meeting that was held with CYNOG. CYNOG would like to extend the pilot but appears to be confused about the benefits. Currently, the only benefits being received is that CYNOG does not have to pay library tax.

Management is responsible for appropriately recording the rail freight revenue and for compliance with the related Operating Agreement between the Company and Tioga County Industrial Development Agency ("TCIDA").

The Company has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of this engagement. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

- 1. We agreed the R. J. Corman Railroad Company/Owego & Harford Line Schedule of Rail Freight Revenue ("Schedule") for the year ended December 31, 2024 (see Appendix I) to the Company's underlying accounting records (the respective general ledger account detail) used to prepare the Schedule without exception.
- 2. From the Company prepared underlying accounting records (and the 24 individual rail freight revenue transactions for the year ended December 31, 2024, which all relate to one customer) used by the Company to prepare the Schedule, we selected 15 individual rail freight revenue transactions. We performed the following agreed-upon procedures with respect to each individual rail freight revenue transaction:
 - Obtained the related car-volume report per the third-party Traffic Management System ("TMS").
 - Obtained the related Company invoice, comparing the invoice amount to the related TMS car-volume report without exception.
 - Traced the subsequent payment of the related invoice by the customer to the respective cleared cash
 receipt per the respective Company bank statement without exception.

We were engaged by the Company's management to perform this agreed-upon procedures engagement and conducted our engagement in accordance with the attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the balance of rail freight revenue. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the Company and as applicable, TCIDA, and is not intended to be and should not be used by anyone other than those specified parties.
