County of Tioga
Owego, New York

Attention: Board of Legislators

This letter is intended to communicate certain matters related to the planned scope and timing of our audit of County of Tioga's (the County) financial statements and compliance as of and for the year ending December 31, 2023.

Communication

Effective two-way communication between our firm and the Board of Legislators is important to understanding matters related to the audit and developing a constructive working relationship.

Your insights may assist us in understanding the County and its environment, identifying appropriate sources of audit evidence and providing information about specific transactions or events. We will discuss with you your oversight of the effectiveness of internal control and any areas where you request additional procedures to be undertaken. We expect that you will timely communicate to us any matters you consider relevant to the audit. Such matters might include strategic decisions that may significantly affect the nature, timing and extent of audit procedures, your suspicion or detection of fraud, or any concerns you may have about the integrity or competence of senior management.

We will timely communicate to you any fraud involving senior management and other known or likely fraud, noncompliance with provisions of laws, statutes, regulations, rules, provisions of contracts or grant agreements or abuse that is likely to have a material effect on the financial statements. We will also communicate illegal acts, instances of noncompliance or fraud that come to our attention (unless they are clearly inconsequential), and disagreements with management and other serious difficulties encountered in performing the audit. We also will communicate to you and to management any significant deficiencies or material weaknesses in internal control that become known to us during the course of the audit. Additionally we will communicate significant unusual transactions, matters that are difficult or contentious for which the auditor consulted outside the engagement team, and circumstances that affect the form and content of the auditors' report. Other matters arising from the audit that are, in our professional judgment, significant and relevant to you in your oversight of the financial reporting process will be communicated to you in writing.

Shared Responsibilities for Independence

Independence is a joint responsibility and is managed most effectively when management, audit committees, and audit firms work together in considering compliance with AICPA and Government Accountability Office (GAO) independence rules. For Insero & Co. CPAs, LLP to fulfill its professional responsibility to maintain and monitor independence, management, the audit committee, and Insero & Co. CPAs, LLP each play an important role.

Our Responsibilities

- 1) AICPA and GAO rules require independence both of mind and in appearance when providing audit and other attestation services. Insero & Co. CPAs, LLP is to ensure that the AICPA and GAO's General Requirements for performing non-attest services are adhered to and included in all letters of engagement.
- 2) Maintain a system of quality control over compliance with independence rules and firm policies.

The County's Responsibilities

- 1) Timely inform Insero & Co. CPAs, LLP, before the effective date of transactions or other business changes, of the following:
 - New affiliates, directors, officers, or person in financial reporting and compliance oversight roles.
 - Changes in the reporting entity impacting affiliates such as component units.
- 2) Provide necessary affiliate information such as new or updated structure charts, as well as financial information required to perform materiality calculations needed for making affiliate determinations.
- 3) Understand and conclude on the permissibility, prior to the County and its affiliates, officers, directors, or persons in a decision-making capacity, engaging in business relationships with Insero & Co. CPAs, LLP.
- 4) Not entering into arrangements of nonaudit services resulting in Insero & Co. CPAs, LLP being involved in making management decisions on behalf of the County.
- 5) Not entering into relationships resulting in Insero & Co. CPAs, LLP, Insero & Co. CPAs, LLP covered persons or their close family members, temporarily or permanently acting as an officer, director, or person in an accounting, financial reporting or compliance oversight role at the County.

Independence

Our independence policies and procedures are designed to provide reasonable assurance that our firm and its personnel comply with applicable professional independence standards. Our policies address financial interests, business and family relationships, and non-audit services that may be thought to bear on independence.

For example, without our permission, no partner or professional employee of Insero & Co. CPAs, LLP is permitted to have any direct financial interest or a material indirect financial interest in a client or any affiliate of a client. Also, if an immediate family member or close relative of a partner or professional employee is employed by a client in a key position, the incident must be reported and resolved in accordance with firm policy. In addition, our policies restrict certain non-audit services that may be provided by Insero & Co. CPAs, LLP and require audit clients to accept certain responsibilities in connection with the provision of permitted non-attest services.

The Audit Planning Process

Our audit approach places a strong emphasis on obtaining an understanding of how your entity functions. This enables us to identify key audit components and tailor our procedures to the unique aspects of your operations. The development of a specific audit plan will begin by meeting with you and with management to obtain an understanding of business objectives, strategies, risks and performance.

As part of obtaining an understanding of your organization and its environment, we will obtain an understanding of internal control. We will use this understanding to identify risks of material misstatement and noncompliance, which will provide us with a basis for designing and implementing responses to the assessed risks of material misstatement and noncompliance. We will also obtain an understanding of the users of the financial statements in order to establish an overall materiality level for audit purposes. We will conduct formal discussions among engagement team members to consider how and where your financial statements might be susceptible to material misstatement due to fraud or error or to instances of noncompliance.

The Concept of Materiality in Planning and Executing the Audit

We apply the concept of materiality in both planning and performing the audit, evaluating the effect of identified misstatements or noncompliance on the audit and the effect of uncorrected misstatements, if any, on the financial statements, forming the opinion in our report on the financial statements, and determining or reporting in accordance with *Government Auditing Standards* and other compliance reporting requirements. Our determination of materiality is a matter of professional judgment and is affected by our perception of the financial and compliance informational needs of users of the financial statements. We establish performance materiality at an amount less than materiality for the financial statements as a whole to allow for the risk of misstatements that may not be detected by the audit. We use performance materiality for purposes of assessing the risks of material misstatement and determining the nature, timing and extent of further audit procedures. Our assessment of materiality throughout the audit will be based on both quantitative and qualitative considerations. Because of the interaction of quantitative and qualitative considerations, misstatements of a relatively small amount could have a material effect on the current financial statements as well as financial statements of future periods. We will accumulate misstatements identified during the audit, other than those that are clearly trivial. At the end of the audit, we will inform you of all individual uncorrected misstatements aggregated by us in connection with our evaluation of our audit test results.

Significant Risks of Material Misstatement

Our audit of the financial statements includes the performance of risk assessment procedures in order to identify risks of material misstatement, whether due to fraud or error. As part of these risk assessment procedures, we determine whether any risks identified are a significant risk.

A significant risk is an identified and assessed risk of material misstatement that, in our professional judgment, requires special audit consideration. As part of our initial risk assessment procedures, we identified the following risks as significant risks. Additional significant risks may be identified as we perform additional audit procedures.

| Risk Name | Risk Description | Planned Response |
|--|--|---|
| Management Override of Internal Controls | If management overrides internal controls related to financial reporting, financial statements could be materially misstated. | We will inquire of personnel within the County and review control procedures. We will review year end journal entries and investigate any that meet certain criteria and exercise professional skepticism throughout the audit. |
| Revenue Recognition | Revenue recorded in the wrong period or prior to the satisfaction of related performance obligations or grant requirements, if applicable, could materially misstate the financial statements. | We will examine samples of the County's main revenue transactions and ensure the recognition is in compliance with the applicable financial reporting framework. |
| Estimates related to Pension Obligations | Net Pension Obligations may be misstated due to incorrect actuarial assumptions. | We will review the competency of the actuary and reasonableness of certain actuarial assumptions. |
| Estimates related to Other Postemployment Benefit Obligations (OPEB) | Net OPEB Obligations may be misstated due to incorrect actuarial assumptions or census data. | We will review the competency of the actuary and reasonableness of certain actuarial assumptions. We will agree the census data and plan provisions contained in the actuarial report to that provided to us by the County. |

Our Approach to Internal Control and Compliance Relevant to the Audit

Our audit of the financial statements, including compliance, will include obtaining an understanding of internal control sufficient to plan the audit and determine the nature, timing and extent of audit procedures to be performed. An audit is not designed to provide assurance on internal control or identify significant deficiencies or material weaknesses. Our review and understanding of the entity’s internal control is not undertaken for the purpose of expressing an opinion on the effectiveness of internal control.

We will issue reports on internal control related to the financial statements and major programs. These reports describe the scope of testing of internal control and the results of our tests of internal control. Our reports on internal control will include any significant deficiencies and material weaknesses in the system of which we become aware as a result of obtaining an understanding of internal control and performing tests of internal control consistent with the requirements of *Government Auditing Standards* issued by the Comptroller General of the United States, the Single Audit Act, and *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* at 2 CFR 200 (Uniform Guidance).

We will issue reports on compliance with laws, statutes, regulations, and the terms and conditions of federal awards. We will report on any noncompliance that could have a material effect on the financial statements and any noncompliance that could have a direct and material effect on each major program. Our reports on compliance will address material errors, fraud, violations of compliance requirements, and other responsibilities imposed by state and federal statutes and regulations and assumed contracts; and any state or federal grant, entitlement or loan program questioned costs of which we become aware, consistent with the requirements of the standards identified above.

Timing of the Audit

We have scheduled field work for the week of June 10, 2024. Management's adherence to its closing schedule and timely completion of information used by us in performance of the audit is essential to timely completion of the audit.
